Community Night Market Planning Memo — STAGE FORMAT QA

COMMUNITY NIGHT MARKET

Operations and Review

STAGE FORMAT QA

Operating framework

Workstream	Draft approach	Review checkpoint
Site layout	Central aisle with perimeter stalls and a small performance zone	Confirm clear paths and emergency access
Vendors	Curated mix of food, makers, and community groups	Review balance, permits, and power needs
Guest services	Welcome table, map, water point, and lost-and-found procedure	Validate staffing and signage
Accessibility	Step-free circulation, seating, readable signs, and accessible service points	Conduct a pre-opening route check
Safety	Lighting review, first-aid point, incident lead, and weather protocol	Complete documented briefing
Waste	Clearly paired recycling and refuse stations	Assign closing sweep responsibilities

Indicative run of show

Time	Activity
3:00 PM	Vendor arrival and marked-space check-in
4:15 PM	Safety, accessibility, and operations briefing
5:00 PM	Gates open; welcome desk active
6:30 PM	First acoustic performance
8:00 PM	Community spotlight announcement
9:30 PM	Last-call notice to vendors
10:00 PM	Public close and managed breakdown

Review notes

Final production materials should use plain language, high-contrast typography, and consistent event details. Public release would require confirmation of the venue, date, permits, insurance, vendor participation, accessibility plan, and weather procedures.

Status

Test-only design package. Not for publication or operational use.

Prepared for formatting review. STAGE FORMAT QA.
